Keeping warm in the classroom

Week 4, Term 2, 2017.

Tēnā koutou,

It looks like the training the students put in to prepare for the Small Schools Road Race really paid off! As a school we had a very successful day on Friday, with 24 of our students finishing in the top six for their event. Our results mean that we have a very large contingent representing our school at the Bush Road Race in Eketahuna. I was also really proud and impressed with the number of students who, while they don't find running particularly easy, persevered during their race. They can come away feeling very proud of themselves and with a great sense of accomplishment.

Over the weekend the old Kohinui School playground was installed and connected with the pre-existing playground. The new part of the playground is still roped off as we are waiting on more bark. The students are waiting with anticipation to be able to try out the new equipment. I would like to say a huge thank you to Ian Taylor, Ben Allomes, Neil Cresswell, Luke Matthews and Andrew Cave who spent the better part of their weekend working on the project.

Very shortly the students will start learning about Matariki, which begins on the 25th of June. In place of a community assembly we are going to celebrate Matariki with a hangi on the 7th of July from around 12pm. On the 7th, we will also showcase the learning we have done over the course of the term. There will be plenty more information to follow shortly but mark it in your diaries now as it will be an event not to be missed.

Have a fantastic week!

Ngā mihi nui,

Simon

If there is anyone interested coaching the hockey team that will be awesome because I am coaching the football team and I can't coach both. So start bringing your gear in.
