Awapikopiko - Setting the eel net & First Aid Scenario

## Week 6, Term 4, 2017.

Tēnā koutou,

Well, what an eventful week we have had. Our students never cease to amaze me with their creativity, resilience and enthusiasm when tackling new and challenging learning experiences.

Once again our team from KHS did us proud at the Small Schools Athletics with many of them going through to represent the Small Schools at Bush next week. Your perseverance to improve technique over the past weeks has paid off. Well done to you all for your outstanding sportsmanship and the commitment you demonstrated to do your very best.

Mrs McNair and I had the pleasure of attending the last William Pike Physical Outdoor Activity with our Yr7-8s for 2017. Awapikopiko by Night saw us tackling the reserve tracks not once, but twice as well as a wee stroll up a rather large hill to view the school in the distance. The camp saw these students challenged with a range of mental and physical activities where they were required to work on both independent and collaborative tasks. A big thank you to Karl Williams who was brave enough to spend the entire time with us, to Mike Rivers for the use of your woolshed and Bill Wallace from the QEII Trust for the time he spent with us sharing his wealth of knowledge.

Even though we are getting close to the end of the year, we all need to remind our students to treat others as they wish to be treated themselves, respect property, be it their own or somebody else's and be patient. Understandably they are all getting tired, but to ensure that everybody can enjoy their last weeks at school for 2017 we all need to pull up our socks to finish the year on a high note.

Ngā mihi nui,  
Claire

### School Calendar
